***Allowable Subject Matter***

1. Claims 6, 7 and 13-21 are allowed.
2. The following is an examiner's statement of reasons for allowance: After careful study of the pending amended claims, the previously applied reference to Suzuki (US Patent No. 5,925,445), and applicants analysis presented on page 5-7 of the response filed on April 13, 2007, the Examiner concluded that the structural arrangement of applicant's claimed circuit board is clearly distinct from that of the reference. To be specific: A circuit board with the limitations "a barrier formed between said first line of said pads and said second line of said terminals, said barrier including a plurality of line shaped trench extending along said terminals, said trenches being formed in said resist film, wherein the entire surface of the circuit board in each trench is exposed," in combination with other claimed limitations of the base claim 6 has not been disclosed by the prior art of record taken alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
